Foreword

NSS Unit -1 of Govt. General Degree College, Kalna-1 has tried to follow and nurture the ideology of NSS in a manner that ensures meaningful participation of all aspects. The activities carried out in Seven Day Special NSS Camp- 2022 have served as an eye opener for the young NSS volunteers for their social responsibilities. We have a vision and commitment towards the service of the society and its weaker sections. With deep sense of gratification, we take pride in the successful completion of the camp by the NSS volunteers of the College. The programme schedule of this special camp was approved by the NSS advisory committee, GGDCKI. The aim and objectives of this special camp was to be aware of various social problems of the villagers. For this purpose, volunteers of NSS Unit 1, GGDCK1 conducted a special survey among the villagers and found out their problems. In consequence of this survey, NSS Unit 1 decided to arrange a special health check-up camp which was already approved by the NSS Advisory Committee. They also decided to plant trees, and clean the garbage of surrounding areas. We take this opportunity to express our gratitude to Dr. Krishnendu Dutta, our honourable Principal, for his valuable inputs, guidance and support throughout the year. We congratulate and extend our best wishes to NSS volunteers, teaching and Non-Teaching staff who have made this journey a success. The event is occurred in active collaboration with Kakuria Gram Panchayet, Kalna Sub Divisional Super Speciality Hospital and their HOI. Heartful Thanks for their active support.

Tree plantation programme and Swachata Avijan

NSS special camp was organised in the adopted village named Uttarpara, Muragacha, Purba Bardhaman-713405. This village is a remote village far away from the megacity. So, urban problems like wastage from heavy industries, air pollution not find here. But Plastic and polythins occurred pollutions here.

Literal meaning of Swachhta is ‘স্বচ্ছতা বা পরিচ্ছন্নতার মনোভাব ও পরিকল্পনা, পরিচ্ছন্নতার অভ্যাস’. (Habit of cleanliness, desire for cleanliness, planning of cleanliness). So, Our NSS Unit concentrated its focus on keywords like Cleanliness, Serenity, Sincerity and Transparency. Our Principal gave the volunteers a different perspective on Swachhta and told that Swachhta is not only related to the environment but also our health and daily life. Our volunteers observed that the villagers have lack of awareness about cleanliness. Our NSS volunteers plan to clean garbage’s and plant trees for fresh air. For purpose NSS volunteers clean garbage’s and swept the local roads and surroundings, collected plastics pouch, carry bags, etc.

The students encouraged the villagers by telling that the clean house will be rewarded at the end of the camp and also insisted to keep clean daily. So they happily involved themselves in cleaning process. The NSS volunteers also educated them that cleanliness and Hygiene is necessary to keep them disease free. The local People were happy on seeing the involvement of the students, and promised them that they will use dust bin and clean their premises regularly.

Tree Plantation Programme

Our next programme was tree plantation. Our NSS volunteers planted trees in this local area. More than fifty trees were planted in adapted village. They fenced the saplings in proper way to protect the plants from domestic animals. Our volunteers campaigned for saving trees.

Data analysis and discussions on related problems:

NSS Volunteers collected all the data which was raised through their questions of the survey. The objective of the data analysis was compiled with all the findings and it was identified that the locus of their problems was specially directed to their health problems, economical problems, child marriage etc. They have lack of awareness about Govt. social project. They are also unaware about their opportunities professions and social life. Maximum no. of the local people engaged in agriculture. But they are still unaware of the effect of the chemical fertilizers and also unaware about the water conservations. They will face huge problems to collect drinking water in future. Child marriage and school dropout are a major problem in this area. This analysis and discussions led our volunteers to arrange another awareness campaign on general health and another campaign on social problems.
