Report on Covid-19 Pandemic: Disease vs Society

A webinar on “Covid_19 Pandemic: Disease vs Society” was organized by the Dept. of Chemistry in association with IQAC, Government General Degree College, Kalna-I on 3rd September, 2020 in virtual mode.

On that day, the Officer-in-Charge of GGDC-I, in his inaugural speech had nicely described the outbreak of this pandemic and the safety measures. He addressed the economic and social disruption caused by this pandemic. He also mentioned the devastating result that may cause millions of people falling into risk of extreme poverty.

Our two eminent speakers were Dr. Subhra Kanti Mandal, Asst. Prof. of Chemistry, Garubathan Govt. College and Sri Arijit Goswami Asst. Prof. of English, Garubathan Govt. College. Dr. Mandal discussed about the chemistry and biological aspects of infectious Corona virus disease (COVID-19) caused by the SARS-CoV-2 virus, awareness and its precautionary measures. On the other hand Prof. Goswami addressed how this pandemic greatly affects the socio economic scenario and mental health of the present civilization on earth.

We received good response from the audience not only from our college also from different corners of West Bengal who have actively participated in this webinar and they gave very good feedback. At the end of the programme, our IQAC, GGDC, Kalna-I delivered the vote of thanks.

He thanked the resource person, faculty members, participants and other officials for their active support for making the programme to be successful. This programme was attended by around 61 participants.
