Prof. (Dr) Krishnendu Dutta
WBSES
Principal, GGDCK-I

Affiliated with the University of Burdwan and accredited by the UGC under the 2f and 12B acts of 1956, Government General Degree College, Kalna-I commenced its journey in 2015 under the auspices of the Honorable Chief Minister of West Bengal. Its mission is to cater to a broad student demographic and provide essential government facilities. Nestled in the rural enclave of Kalna-I Block, Purba Bardhaman district, the college aims to play a pivotal role in the region's rapid development by offering new educational opportunities and holistic education to primarily first-generation learner.

The college offers a 4-year UG Honours Programme and 3-year Degree Programme in nine disciplines, including Bengali, English, Sanskrit, History, Philosophy, Mathematics, Chemistry, and Physics. Students are encouraged to utilize various government scholarship schemes, including Kanyashree, as well as full and half-free studentships, to ensure quality education is accessible to economically and socially disadvantaged students. Additionally, the college provides Add-on courses in Basic Computing, Communicative & Functional English, Value Education, Spoken Sanskrit, Bengali Drama Production, all approved by the University of Burdwan, to enhance students' employability and foster values and traditional knowledge system.

Equipped with modern facilities like state-of-the-art laboratories, ICT-enabled classrooms (including a smart classroom), an auditorium, digitally-accessed library resources (including e-books and e-journals), departmental libraries, competitive examination awareness cells, an entrepreneurship development cell focused on agriculture and horticulture, central computing facilities, free Wi-Fi, dedicated play areas, and separate common rooms, the college aims to provide a conducive learning environment.

By embracing the collective strength of the region, the college aspires to achieve its vision of providing holistic education and nurturing lifelong learning, propelling it to the pinnacle of success.

Academic Departments

P H Y S I C S

The Department of Physics has started functioning from the very inception of the college with the introduction of General course in Physics in 2015 under the aegis of the University of Burdwan. The department has begun to offer Honours course in this subject since 2016.

The department has an apposite number of proficient and accomplished faculties from prestigious institutions across the country. It is flourished with modern classrooms and well equipped laboratories. The laboratories are appropriate for electrical, electronic and optical experiments. The department is furnished with a computer laboratory as well. The college library has a huge collection of Physics books that provides with a balanced weightage of text and reference books.

The indomitable sincerity of the teachers is truly manifested through their vigorous effort of quenching the students' thirst for knowledge creating an effective and friendly learning environment. To impart knowledge, motivate the students and inspire their achievements are the mottos of this department which are the gateway of true learning.

Academic Departments

C H E M I S T R Y

The Department of Chemistry of Government General Degree College at Kalna-1 started functioning in 2015 since the inception of the College and offers six semester undergraduate Honours in the subject under the affiliation of the University of Burdwan. Presently the intake capacity of the department is 15 under CCFUP. The faculty members of the Department are fully committed to their duties and obligations. The Department laboratory is well equipped with state of the art instruments. The Departments continuous stride in academic excellence over the years is reflected in their teaching and their active engagement in research culture and publication of several research papers in reputed peer reviewed Journals. The teachers strive to continuously upgrade and keep abreast with the recent trends in the subject areas and also to infuse their students with values of dedication and diligence. The diverse qualifications of the faculty ensure expertise in all the traditional disciplines of chemistry as well as in various interdisciplinary areas. The department provides a conducive intellectual environment for the curious and inventive youngsters through departmental seminars and quiz. Classrooms offer a good deal of faculty-student interaction which strengthens the bond between them and academic flexibility to explore new pedagogies or approaches to teaching is extended to their benefit. Faculty members are available as academic advisers and engage in mentoring the students' with regard to the course and curriculum. The faculty members engage themselves in creative discussions on chemistry, science, career opportunities, and philosophy as well. Over the years the reputation of the Department has kept growing owing to the relentless work of the faculty members.

The Department of Mathematics being an integral part of a fledgling Institute in a rural part of Purba Bardhaman has started its journey since the inception of the College in 2015, offering three years B.Sc. (Hons.) and B.Sc.(Gen.) programme with a group of young dedicated, innovative and accomplished faculty members. In this department the relationship between faculty and student has primacy. The teachers are worked with our students and guiding them through our curriculum of study. The department is known for the quality of its teaching and mentoring. Students are always encouraged to take advantage of the many opportunities they have, to learn from the wisdom of our teachers, to work alongside them, to join them in interrogating ideas and to take intellectual risks. This department is a place where free and orderly thinking is cultivated, one where every idea is tested in a crucible of critical reflection. Thus we can boast off to promote this department as the best place to begin the thoughtful and arduous process of developing analytical habits of mind, a character of confidence and integrity and the discipline of respectful engagement with others. The salient features of grooming students in this department are that you must push yourself to always ask the next question, always take your thinking to another level, always view issues from an alternative perspective which a student ought to acquire while studying mathematics in his undergraduate programme. During this pandemic the department endeavours to facilitate all its students in the e-learning process through various virtual mods.

The Education Department of the College offers a six/eight semester long UG course. The highly qualified and dedicated faculty members have made the Department an enviable centre of learning. It provides not only the desired academic support and guidance but also offers a spectrum of activities which is in consonance with the demands of society and global educational competitiveness.

The College library is well equipped with books and journals to allow the students to keep pace with the latest information and knowledge. The Department also emphasizes on continuous improvement in course curriculum, teaching and learning practices and evaluation methods to prepare the students with the current needs and high quality education. The Department has consistently yielded excellent results in both academic and co-curricular level.

P H I L O S O P H Y

Since the establishment of Govt. General Degree College at Kalna-1 in 2015, Department of Philosophy is engaged in spreading the knowledge amongst the society. Presently, the department offers six/eight semester long UG courses.

Much of what is learned in philosophy can be applied in virtually any endeavor. This is both because philosophy touches so many subjects and, especially, because many of its methods can be used in various fields. Philosophy contributes uniquely to the development of expressive and communicative powers. It provides some of the basic tools of self-expression, here the faculty members train the students' to develop skills in presenting ideas through well-constructed, systematic arguments.

The department houses a dynamic mix of personnel having experience and expertise in various avenues of Philosophy who extend a hand of support and provide access to various hands-on experiences and opportunities to enhance learning process.

The main motto of the Department has always been to help our students to learn to become 'human' first and to achieve this, we strongly believe, the knowledge in Philosophy would definitely be one of the best weapons. To enrich the learning experience the Department has upgraded its library with various text and reference books on Philosophy and related subjects from various authors.

The journey of the Department of History started in 2015 with the introduction of Pass Course and Honours Course under the University of Burdwan. The intake capacity for the undergraduate programme Honours is Thirty one seats. The faculty members make every possible effort to meet all the expectations and solve the queries of the students pertaining to the curriculum as well as their personality development. The department takes great pride in the excellent results of the students in every semester under the CCFUP system. The all round development of our students' is an important goal of our teaching learning endeavour and studying history will provide the young minds with a more rounded academic skillset and an improved ability to think critically – something they can take into the rest of their education.

The department continues to create an environment of igniting the minds of the learners through discourses on cutting-edge research in the discipline of history as well newly-emerging interdisciplinary fields. In a modern world where inclusivity is embraced no matter our background, an understanding of how past societies have integrated is key to humanity improving in the future are the valuable lessons taught by the team of skilled personnel.

The Department looks forward to a future of intellectual exchange at home and abroad, and to promote a better understanding of human experience through the lens of history.

Department of Bengali commenced its journey since the inception of the college. The department offers both 4 year Honours and 3 year UG courses with success and satisfaction to all concerned. Currently, the department follows the CCFUP system of education under the affiliation of The University of Burdwan.

Literature develops in students enduring values, such as integrity, compassion, loyalty and responsibility. The students of Bengali Language and Literature are offered the knowledge of Bengali grammar, history of Bengali literature. The texts students explore give them multiple opportunities to discuss and reassess their own values and beliefs. These act as a compass in life as students grow up. They develop a sense of individuality and creativity, as they develop their own opinions about issues in their texts, they learn to consider multiple perspectives and understand the complexity of human nature And therein lies the value of the subject – it prepares one for the ambiguities of life, to take uncertainties in one's stride.

A strong group of faculty members work relentlessly not only in disseminating knowledge amongst the young learners but tirelessly work towards the growth and development of the young minds. Through classroom activities and activities outside the classroom opportunities are thrown open to them leading to polishing their talents, gathering experiences and building their personalities. A holistic approach to learning ensures to fully activate all aspects of a learner's personality for more effective and comprehensive learning.

The Department of English of the Govt. General Degree College at Kalna-I, began its academic journey in the year 2015. The teaching faculty of the department currently consists of three Assistant Professors having expertise on various fields of Art, Literature and History. Besides taking utmost care to fulfill and nurture the intellectual inquisitiveness of the students – both within and beyond the boundary of prescribed syllabus, this dynamic department takes special care to facilitate the holistic growth of its students. The steadily growing library of the college that already has an impressive collection of English texts and reference books. In addition to this, the captivating teaching-learning methods adopted by the teachers, enthusiastic participation of students and warm teacher-student relationship ensure a learning environment that not only prepares the students for examinations but also motivates them to develop creativity, self-confidence and communication skills. Within the short time since its inception, the students of this department have left marks of their brilliance in University Examinations, Inter-Collegiate Cultural Competition, Debate Competitions, Mock Youth Parliament and multiple other fields.

Sanskrit has played a very essential role in the field of Indian society as well as Indian languages. Without proper knowledge of Sanskrit, comprehension of Ancient Indian wisdom may remain incomplete. Department of Sanskrit in our College offers both 3 & 4 year UG courses in this academic year.

The strength of the team which works together leads to the strong foundation of human bonds between teachers and students in an environment which caters to the needs and aspirations of the learners. Special monitoring of the students' progress is achieved through periodical class tests as well as special doubt clearing classes which provides them with guidance in the pathway to success.

Along with academic aspect the team of teachers' motivate the students and partake in enriching their knowledge and gather experiences through organizing seminars for students' on a regular basis. The educators constantly strive to improve their teaching skills not only as a way of doing a better job producing well-educated members of society, but also to build their self-esteem through improved work quality.

The Department takes pride in the versatile talents showcased by the students through participation in various events organized by it like verse recitation competition and Wall magazine where the students contribute, interact and learn. To encourage and aid the students thirst for knowledge a wide range of rare and renowned Sanskrit books are accessible in the College Library.

F A C I L I T I E S

- ❑ CCFUP complied academic integration.
- ❑ Well equipped college library with text and reference books with Web-OPAC facility and RFID amenities.
- ❑ Well-equipped Smart Classroom.
- ❑ **Completely Wi-Fi enabled campus.**
- ❑ Optimum access to state-of-the-art Laboratory facilities for curriculum delivery of Science practical.
- ❑ A “**Computer Skill Enhancement Laboratory**” for all students to ensure ICT awareness.
- ❑ Minimum course fee in comparison to other colleges.
- ❑ Availing of various Government Scholarship Schemes based on various eligibility criteria.
- ❑ Grooming of learners through National Service Scheme (NSS Unit) to build social awareness and deliver community services.
- ❑ Opportunity for enrollment in various certificate and correspondence course through NSOU study centre of the College.
- ❑ Round the clock essential administrative support for the students through College Office.
- ❑ Extending additional support to ensure academic, professional and mental well-being of learners.
- ❑ Students are encouraged to participate in sports. We have large play ground and necessary equipment to support Co-Curricular activities.

Students' Corner

L I B R A R Y

Library is not just another room in an academic institution. Especially in higher education, the use of library is directly related to what kind of scholastic minds the institute is going to produce. Many enlightened minds stated “I have never been to a classroom. That’s why I chose library.” Not that classroom teaching learning is secondary but in GGDC Kalna –I, we take particular interest in building a habit of using library among students. The majority of our students are first generation learners. Therefore using library -

- Boosts their confidence in self study
- Promotes true meaning of education
- Brings out the future scholars among them
- Helps them find the joy of learning

In addition to all these, library helps to bring knowledge without discrimination. Anyone seeking education can find anything they want from a library. Currently we have nearly 10,000 books. College library has been digitized and currently has thousands of books relevant to Curriculum and Credit Frame Work for Under Graduate Programme (CCFUP). Faculty members of each subject get involved directly with the help of library sub-committee to update the stock of books, add latest editions and include new arrivals from each subject of learning. Currently library is managed by Librarian and two experienced office staffs who make it their duty to serve learners according to the best of their ability. Library is fully digitized with Web-OPAC facility, RFID amenities, extending remote access to learning resources.

To promote blended learning and e-learning, we have already started using online repositories and resources by sharing links on lessons. The institution has been successful in obtaining **N-LIST (National Library and Information Services Infrastructure for Scholarly Content) membership** to extend online access of e-resources. Another important development is a **30 seated reading room**, providing regular library oriented self study classes with proper guidance from faculty members. In addition, the departmental libraries play a significant role in augmenting the access to books and journals. Moreover, with the establishment of a **Special Cell for Competitive Examination**, the access to relevant books has been extended to existing students and the alumni of the institution.

Students' Corner

Smart Classroom

- ❑ Our college has a smart class room comprising a wall mounting projection facility, smart board, audio aid to help students develop interest in respective fields of knowledge. This provides an excellent opportunity to promote ICT enabled teaching-learning methodologies along with the traditional chalk and talk methods. Innovative methods and ingenious technology, coupled with the academic progress of our esteemed faculty, provide the students with ample resources and attract them towards a better understanding of their curriculum. Moreover, it enhances their ability to delve deeper into themes and issues, develops new ideas and engages them to bring forth productive interactive sessions.

Auditorium

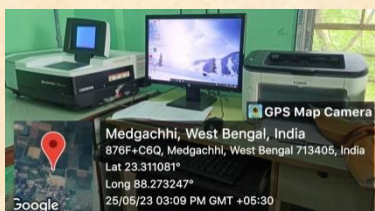

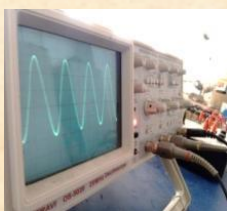

- ❑ The college has an 120 seated fully air conditioned auditorium with modern audio-visual aid to conduct seminars and symposia and thereby helps in improving students' academic attainment. Eminent individuals and organizations visit our college premises on different occasions and deliver lectures addressing students and encourage them to learn, grow, and act towards a greater common good.

Students' Corner

L A B O R A T O R I E S

Science & Computer Laboratories

- ❑ **Department of Physics** has state-of-the-art laboratory and a dedicated computer laboratory compatible with CCFUP syllabus.
- ❑ **Department of Chemistry** has a laboratory with modern equipments following the needs of CCFUP. The department also have a research laboratory with sophisticated instruments like, *UV-vis spectrophotometer* to instill research document among the faculty and students of the department.
- ❑ **Department of Mathematics** has a separate computer laboratory equipped with advanced generation of computers with LAN and high speed internet facilities.
- ❑ The college has fully air-conditioned Central **Computing Lab** comprised of 30 nos. of computer of latest generation to extend the basic computer knowledge to our students from different backgrounds as part of multi disciplinary approach towards learning.

Students' Corner

V A a d d e o n A d d e d C o u r s e / e

Value Added Course / Add on Courses

The institution has already initiated **7(Seven) free Value Added / Add on courses** for the students to equip them with necessary skillsets that would help them in the intensely competitive job market as well as promotion on Indian knowledge system. The short duration and concise course structure have proved to be effective to a great extent as they ensure growth and development of the students in the best possible ways. Students will receive '**course completion certificate**' after fulfilling all the relevant criteria.

- **Course I: Communicative & Functional English** **Duration : 30 hrs.**
The course focuses on four basic language skills: listening, speaking, reading and writing along with an emphasis on grammar, vocabulary and phonetics.
- **Course II: Basic Computing** **Duration : 36 hrs.**
The course focuses on the fundamentals of computer, operating systems, Microsoft Office and other salient components of information technology.
- **Course III: Value Education** **Duration : 40 hrs.**
The course aims to provide students with a broader understanding of ethical values, moral principles, and social responsibilities, helping them develop a strong character and become responsible members of the society.
- **Course IV: Bengali Literature and Creative Writing** **Duration : 30 hrs.**
This course aims to inculcate knowledge as well as reading and writing skills of various genres of Bengali literature namely fiction short story and poetry.
- **Course V: Bengali Drama and Drama Production** **Duration : 30 hrs.**
The objective of the course is to give a deep insight of concepts, techniques and classifications of Bengali drama in the light of prominent Bengali dramatist and to transfer the skills of stage production of Bengali drama.
- **Course VI: Course on Spoken Sanskrit** **Duration : 30 hrs.**
The main objective of this course is to give students a better taste of Sanskrit as a living language. In addition to this, the practice of speaking Sanskrit could prove to be a helpful tool in systematizing the thinking process and to make Students feel comfortable to build professional carrier in the field of Sanskrit domain
- **Course VII: Course on Sanskrit Translation** **Duration : 30 hrs.**
this course is to introduce to the students about the linguistic method of Paninian Sanskrit Grammar and Indian knowledge system and to make students feel comfortable to build professional career in the field of Sanskrit domain.

Students' Corner

The college provides its students with games and sports facilities. The college sports room has arrangement for indoor games like Table Tennis and carrom. There is also a badminton and volley ball court in the college campus. The college also provides the opportunity for regular practice of various throwing and jumping events. The college organizes annual sports in its own play ground each year (organizing events like various running, competitions, races, jumping and throwing). Besides this, the college also participates in various inter-college sports events. The college distributes prizes and certificates to its students during the annual sports.

Like previous year the Annual Sports was held on 4th January 2024 at College Campus. Students participated in different events like 100m Race, 400m Race, Relay Race, Shot Put, Discus Throw., Javelin Throw etc. The participants' effort was duly appreciated during the Prize Distribution Ceremony.

The college also has a gymnasium room with multi-station leg extension, dumbbell, weight plate etc. for physical and mental wellbeing of our student and to promote athletic perseus.

Students' Corner

- ❑ College NSS unit was established in the year 2017.
- ❑ Regular programs with direct participation of students took place.
- ❑ e.g. HIV awareness programme, Observation of Constitution Day, Tree plantation programmes, Swachhta Pakhwara program, Awareness programs in neighbouring locality etc.
- ❑ During the pandemic situation, college students continue to engage themselves in Social Outreach Programme by helping local needy villagers by supplying foods and sanitization materials.

University Achiever in 2021-22 & 2022-23

University Toppers

Our Achievements

Ankan Das, First in B.A. Sanskrit (Hons.) at University of Burdwan (2021-22)

Sayan Mondal, Second in B.Sc. Physics (Hons.) at University of Burdwan (2022-23.)

More than 80% of students have completed their graduation of which 40% of student progressed to higher education in the session 2022-23.

Congratulations!

Students' Corner

Cultural & Academic Events

1. 30/05/2023 – Rabindra-Nazrul Smarane (Celebration of Birth Anniversary of Rabindranath Tagore & Kazi Nazrul Islam)
2. 21/06/2023 – International Yoga Day Celebration
3. 28/07/2023 – Staff Selection Awareness Programme
4. 07/08/2023 to 11/08/2023 – Students Induction Programme 2023
5. 15/08/2023 – Independence Day Celebration
6. 08/11/2023 – FAMEX Community Awareness Programme
7. 11/12/2023 – Seminar of Bengali Department
8. 22/12/2023 – Science Mela & Talent Hunt
9. 02/01/2024 to 08/01/2024 – Students Week Observation
10. 21/02/2024 – International Mother Languages Celebration
11. 13/03/2024 – Seminar on “আল্পনির্ভর বারী”(Women Day Celebration)
12. 27/03/2024 – “বসন্ত উৎসব”

Few Cultural Milestones

Our students have participated in the 2019-20 Inter Collegiate Culture Competition and achieved the 1st, 2nd and 3rd positions in singing and dancing respectively.

1. Our students have participated in the Mock Youth Parliament Competition, 2019-20 and secured the 3rd position in individual merit.
2. Our students have also took part in the Debate Competition held in Hooghly Women's College 2019-20 and secured 2nd position.

Teaching-Learning in Post-Pandemic Environment

O N L I N E S T U D Y

Following the Covid-19 Pandemic, various online teaching-learning methodologies were adopted by the College for the smooth conduction of academic activities:

- ❑ Implementation of LMS (Learning Management System) via Google Work Space for Education.
- ❑ Creation of dedicated Workspace IDs for all students through college domain.
- ❑ Conduction of online classes in Google Classroom with access to the recording of lectures.
- ❑ Use of Google Classrooms as repository of study materials and lecture notes.
- ❑ College also has a dedicated E-Learning portal to share e-learning resources and arrange Online Examination.
- ❑ Conduction of lab experiments using Virtual Lab and FOSSEE.
- ❑ Communication with the students through dedicated SMS gateway.
- ❑ Apart from teaching the entire syllabus, the faculties arrange extra tutorial, remedial and practical classes as and when necessary.
- ❑ In addition to the university prescribed mode of examination and evaluation, teachers take recourse to formative assessment to identify gaps in students' knowledge.

SEMINARS

To instill proficiency in verbal communication, acquirement of knowledge, growth in networking and to create a learning environment different and unique from classroom study the college organizes regular seminars and workshops on contemporary issues.

Green Campus

G R E E N & C L E A N

- ❑ Sustainable living has become an essential way of life for future generations. Therefore, education plays a vital role in inspiring young learners to maintain an ecological balance and become “**Green Citizens**”. Green campus is one such initiative towards that direction.
- ❑ GGDC Kalna-I focuses on “**Green Campus**” by creating awareness, sharing knowledge and inculcating eco-friendly environment. The college administration plays an active role in implementing environmentalism into practices of daily life.
- ❑ College authority also wishes to use alternative energy resources, rain water harvesting, reuse and waste management etc. Presently, we have a lush green college campus which is a “plastic free zone”.
- ❑ Awareness programmes in collaboration with NSS, sensitization through expert–learner interaction are held on regular basis. Owing to its rural location, learners already have strong affinity towards nature and its beauty. The institute is looking forward to use all these human resources and natural resources to extend the idea of green campus into sustainable “**Green Locality**”.

World Environment Day Celebration

SSR Preparation

We have applied for NAAC Accreditation by submitting IIQA in the month of April, 2024. Now we are preparing SSR for assessment and accreditation in the session 2024-25.

NPTEL Local Chapter & N-List Membership

We are proud to announce that the institute has been registered as a **NPTEL local chapter** through SWAYAM portal. In addition to that The institution has been successful in obtaining **N-LIST (National Library and Information services Infrastructure for Scholarly Content) membership** to extend online access of e-resources.

Hassle-free Form Fill-in & Admission

College has launched a **hassle-free** online Admission & form-fill up portal along with fee payment gateway, with an option to check subject combinations and mobile number.

Student Data Management

Students have always been the backbone of an educational institution. To preserve the relevant data of the primary stakeholders, the institution has developed Integrated Student Database Management System.

Outcome based Educational Parameters

The college strictly adheres to the outcome based educational parameters with preparation of course outcome, lesson plan and graduate attributes.

Solar Cell Installation

Installation of Solar cell in Electrical grid of the college has been completed as a measure to generate renewable energy and ensure its optimum usage.

Un-interrupted Power Supply

College has install a Green DG Generator Set for un-interrupted power supply in the whole campus to ensure a hassle free academic and administrative pursued of the college.

Internal Quality Assurance Cell

The College has a very dynamic Internal Quality Assurance Cell (IQAC) composed of eminent individuals from the society and faculty representatives.

Things to follow in our College

- ❑ Students must be well informed about the notices displayed on the college notice boards/College Website.
- ❑ Regular attendance as per University norms is obligatory for each student to appear in the University Examination.
- ❑ Students are to submit application to the Principal for Character Certificate, Railway Concession, Identity Card, etc. at least 7 days in advance to the Principal's Office.
- ❑ Students admitted to this college are to abide by the Rules and Regulations of the College, University and orders of the Principal. No student can plead ignorance of such rules and orders.
- ❑ Ragging in any form is strictly prohibited. Report on this matter, if found true, would lead to cancellation of admission or suspension for an academic year.
- ❑ Students are advised to present themselves in dresses in tune with the environment of an educational institution.
- ❑ The College Authority holds the right to issue transfer certificate or rusticate a student found guilty of an offense or undisciplined behavior, if it considered that such action is necessary in the interest of the college, without assigning any reason.
- ❑ A student must carry with him/her updated Identity Card issued from the Student Section of the College.
- ❑ Students must keep the college premises clean and maintain the sanctity of the college. Silence is to be observed. The corridors, staircases and the college premises are not meant for loitering and lounging.
- ❑ If a student is absent from the classes without notice and without proper reason for more than 15 days, his/her name would be struck off from the college register.

Miles to go

Infrastructural Developments

- Addition of class-rooms
- Separate Science Building

Academic Developments

- Vertical and horizontal expansion of academics.
- Organizing more student seminars, science fairs to expose students with cutting edge technology and augmented perception.
- Introduction of Skill Development Programs for enhancement of students' employability.

Commitment towards Society

- Village adoption through NSS unit of the college.
- Science awareness program for local villagers.
- Visiting nearby feeder agencies to promote educational atmosphere.

Few Final Words

C O N C L U D I N G R E M A R K S

It is with great pleasure that we extend a cordial invitation for you to become a part of our illustrious institution in the academic session 2024-25. At Government General Degree College, Kalna-I, we are dedicated to providing a superior educational experience marked by academic excellence, innovative pedagogy, and cutting-edge facilities. Choosing to enroll with us promises not only a robust academic journey but also opportunities for employability and skill enhancement, thereby accomplishing holistic growth and development for our beloved learners. We eagerly anticipate the privilege of welcoming you into our vibrant community of scholars and leaders.

Let us follow the essence of what our beloved poet once remarked, so that we can learn and grow together, "...the power of education which is one with life and only which can give us real freedom , the highest that is claimed for man, his freedom of moral communion in human world."
